B. (On Bidder Letter Head) Technical Specification for Leather Goods CAD Software**(Preferable Origin: Israel) (E- BID)**

Name of Item	Leather Goods CAD Software
Quantity	Five Licenses
EMD	Rs. 10,000/-

S No	Required Specification	Offered Specification by bidder with Model No.	Remarks
1	-Make & Model Number		
2	-Name of the origin : Preferred Origin - Israel		
3	Software Adoptability: The SOFTWARE Solution being offered for Bags & Accessories should be capable of fashioning outstanding bags and accessories that can easily be fine-tuned with digital tools. With product quality and workflow efficiency at the forefront, the cutting-edge software solutions being offered should allow for the creation of trend-setting products with a sharp focus on creativity and shortening of lead times. The Software should also be adaptable for use for Leather Garments as well as Leather Gloves.		
4	Virtual Sampling: The software should enable a true to life 3D visualization of the product. This would allow for the review and correction of the products before assembling any physical prototypes, which will result in substantial costs reduction.		
5	Rich Content Library: The software should provide a large collection of trims such as buckles, snaps, zippers, buttons, eyelets, full set handles, and tassels as a library which can be used for the Design embellishment of the product being designed.		
6	Integration with Product Data Management and ERP Tools: The digital tools offered by the software should seamlessly integrate with Product Data Management (PDM) and ERP Tools for cost calculations and production forecasting for better overall planning.		
7	Automated Nesting: The software should offer automated nesting facility.		
8	User-Friendly Interface: The software should work in a user-friendly digital environment that is based on Microsoft Windows, and includes all its functionalities such as cut, paste, etc.		
9	Compatible with External Hardware: The software offered should be easy to use and		

	easy to integrate as well as be fully compatible with external cutters and plotters.		
10	DESIGN WITH 3D DESIGN: The software should offer 3D Tools for Real-time validation and customization of 3D products.		
11	2D & 3D INTEGRATED PATTERN DESIGN SOFTWARE: The software offered should be capable of creating Pattern Designs and should combine powerful 2D design and true to life 3D visualization in a single platform		
12	2D PATTERN DESIGN SOFTWARE: The software should seamlessly create digital patterns and produce pattern sizing while eliminating hundreds of manual steps in the design-development process.		
13	Open to leading standard Software and Hardware formats: The software should be able to share the data in various file formats and have the freedom to continue working with all makes of cutters, plotters and digitizers.		
14	OPTIMIZING THE MARKER LAYOUT: The software should be able to offer the optimizing of material through automated nesting and manual placement of pieces on the marker table.		
15	Grading: The software should be able to offer and support all Grading rules including Customized Grading for Leather Goods/Accessories/Garments/Gloves patterns.		
16	Place and Manipulate Pieces: The software should be able to place, select, rotate and flip pieces at will even along the fold for pieces intelligently and efficiently with an innovative automated nesting algorithm for automatic nesting and cutting.		
17	Customizable Data Reports Generate a tailor-made report that can be used for different purposes such as material consumption and cost analysis.		
18	General Import/Export of files: Conversion of files from other CAD formats in form of DXF, AMMA, ASTM, AI, IGES, HPGL. The software should also be capable to transfer the files from the offered software to other softwares.		
19	A0 Digitizer: Along with the Software, the package should consist of a A0 Digitizer with feet – 1 No to input the patterns into the offered software.		
20	Warranty: 1 year or more (Please specify the years of Warranty		
21	- manufacturer's authorization letter		

<p>General Instructions to Bidder:</p>	<p>Note:</p> <ul style="list-style-type: none"> - The Machine/Equipment/Software listed in the tender documents would be procured from a SINGLE VENDOR and will not be split over multiple vendors for single tender. - Follow all general Term & Conditions. - Technical bid should contain EMD, technical specification, original Technical Leaflet and customer list. - All the pages to be authenticated with signature & stamp of Bidder. - Deviation in any from our specification should be mentioned and justified. <p>To be Uploaded alongwith Technical Bid:</p> <ul style="list-style-type: none"> - Original technical leaflet/Technical Details of specific Make & Model - Authorization letter from OEM - Total number of Installations country wide with customer details - Details of Service Centre with number of trained and qualified personnel for Service Backup - List of Training details on the Hardware and software to be supplied - Details of the software license offer - Details of the warranty and offer of spares - Details of the software version updates annually - Details of the Manual and Documentation that will be supplied

PART-II

E-bids are invited in two Bid System (1) Technical and (2) Financial and shall be submitted electronically (online) on www.eprocure.gov.in for supply of Machines / Items as mentioned in Point No. B. E-Bids shall be submitted within the specified date

3. **No Hard Copy of Bids will be accepted.** This office will not be responsible for any reasons beyond the control of this office
4. Tenders should clearly indicate the minimum time required for effecting supply; the date of delivery should be strictly adhered to. Time is the essence of the contract and the Institute reserves the right to levy liquidated damages @ ½% of the order value for each week of delay or part thereof subject to a maximum of 5%. The Institute may at its option recover all the damages, losses and expenses resulting out of such breach of contract. Tenders should be valid for a minimum period of 90 days from the date of closing.
5. The Institute reserves the right to cancel or accept or reject or postpone the procurement either fully or partly without assigning any reason thereof.
6. Tender final price should be inclusive of all applicable taxes and the tax amounts should be clearly mentioned in the E Tender.
7. The Institute reserves the right to increase or decrease the quantity at the time of placing firm order.

8. The supplier shall also enclose detailed specifications for the equipment, if any with the technical bid. The Institute reserves the right to reject the material if found substandard and not as per specification and supplier must make arrangements to replace the same with correct material at the premises of the Institute, in case of rejections, immediately within a period of 7 days. The party shall bear for all costs and expenses involved in such an event.
9. The offers quoted shall be for free delivery to **Central Footwear Training Institute, MSME - Technology Development Centre, No 65/1, GST Road, Guindy, Chennai – 600 032**. For outstation parties, the supplies must be made on door delivery basis at the premises of the Institute in the above address, freight paid. All goods liable to be damaged or deteriorated in transit must be insured, which shall be arranged by the suppliers at their own cost.

Payment terms:

10. Advance payment terms are not acceptable.
11. Mere participation in the tender and offering of lowest rates does not confer any right on any Party for placing order on them.
12. All the disputes arising out of the contract shall be subject to Chennai (TN) India Jurisdiction only.
13. Parties are required to affect supplies, commission and install the machinery/equipment/items at any place in the Institute's premises designated by the Institute and extend/maintain warranty/guaranty at such places. Guarantee/Warranty commences from the date of completion of installation/commissioning and training.
14. All the matters concerned to and not covered herein above, the decision of Director, CFTI, Chennai shall be final and binding on the parties.
15. Commissioning/erection charges, if any should be specifically quoted separately with details of labour charges.
16. The equipment offered shall be strictly conforming to specification or better and for complete unit correct accuracies and standard.
17. CFTI, Chennai will have the option to pre-inspect the machine/equipment at supplier's work by their representative or by third party agency appointed.
18. The final inspection will however be carried out at work at CFTI, Chennai.
19. Training either at suppliers work or at any other place shall be to the suppliers account.

20. Supplier must enclose in technical bid their offer list of customer (with their full address and their purchase reference no.) to whom they have made similar supplies in the past five years. The date of supply should also be indicated.
21. The supplier should also mention the nearest service centre of the equipment/machines for Servicing/repairing after commissioning.
22. The machine / equipment should be complete in all respect.

Declaration:

We are agreeing with all the above-mentioned terms & conditions
